Lisbon

Final evening in U.S.

a gay, but long one. Supper
with Slimy & Eddie, Helen Johnson
and Julie, after running into
Fred Ramsey who had just been
hit by a truck & was slightly
dazed... he didn't join us.

We stayed at Casino on the Park
till about 10. Lillian called
from Phila. to tell us she was
coming. Thence to Radio City
to see the sights of the dimmed
out city still shining out
below, in the moonlight & its
own brightness.

Butchick joined us. I called
Low in Chicago, who was very
excited for me, not much
saddened at the prospect of
separation, apparently, at least
in reality. I know she was.

Called Ma & Dad in Phila. &
received a final call from Mamie.,
also called Alexandra Mekuski.
Then to the Commodore for a letter
