

93, rue Coli,

Casablanca, 11th December 1942.

Mr. COLBURT,
Chief of Civil Affairs to General Staff,
Shell Building - Rue Dupleix,
CASABLANCA.

Dear Mr. Colburt,

Following our conversation yesterday I am sending you herewith three copies of the list of men in the camp of Berguent. In this tabulation you will find them listed according to nationality; professions are also given and data concerning their origin, such as " engagé volontaire ", " interné civil, and so forth.

- These men are working under very severe conditions in the camp of Berguent, and would, I am sure, welcome the opportunity to work for the Americans.

I will, very shortly, be able to turn over to you a similar list for the camp of Im-Fout.

I also attach copy of a separate letter received from Mr. Oettinger of the HICEM Organization, giving the particulars of three other men from Bou-Arfa and Sidi El Ayachi, who might be particularly useful to you in the construction of barracks.

Yours very truly,

Leslie C. Heath.
